Familiar / Learning: C#, SQL

## **Soft Skills**

- Strong problem-solving mindset with high IQ
- Quick learner and adaptable under pressure
- Passionate about tackling technical challenges
- Excellent communication and collaboration skills
- Logical thinking and consistent performance in academics

## **Projects**

IBM Z Datathon - Child Security and Monitoring System

Technologies: Python, Machine Learning, CSV Data Handling, IP Geolocation

GitHub: <https://github.com/dhyanmanav/my-1st-project-IBM>

Description: Built an intelligent system to monitor a child's safety by analyzing real-time heart rate and location data. Alerts guardians and fetches nearby police stations from a database if abnormal activity is detected.

Role: Sole developer - implemented core logic and integrated with the police database.

## **Certifications**

- Infosys Springboard - Achievement Certificate in Web Development and Python Programming
- IBM Z Datathon - Certificate of Appreciation for project submission and active participation

## **Languages Known**

Kannada, English, Hindi
